DAIRIES SHOULD WORK TOWARD MEETING NEW STATE LAW

Next October Product to Be
Sold According to Grade,
Cows to Be Tested

"Dairies of this section should begin right now to get their herds and dairies into shape for meeting the requirements of the new state law that is to go into effect on October 1, 1916," declared Ray Hasson of Hollywood, state dairy inspector, this morning.

Hasson is in Santa Ana on a tour of the dairies in this vicinity. While here he is telling the dairymen about the new law, and he is advising them to begin right now to meet the drastic inspection to which dairies and dairy products will be put when the new regulations are effective.

"Under that law," said the inspector today, "all milk that is sold in this state must be pasteurized or be from cows that have favorably passed the tubercular test. That means a radical change will be necessary in most dairies."

"That law provides that all milk must be sold according to grade, and retail bottles must be marked showing what grade of milk is in the bottle. Milk is to be scored, and a dairy is to sell its milk in accordance with these scores. Many of the dairies will have to have a far better equipment than they now have. It also means that dairies that milk in corrals cannot make the high grade product, on account of the fact that they will be unable to meet the bacteria count for the high grade product."

"This law is framed in the interests of 'Safety First.' It is a known fact that a great deal of public health is a purchasable quantity, and along that line the milk and butter supply sources must be given attention."

"In order to get the best results from the opportunity offered under the new law, each city should provide for adequate inspection and tests."

Inspector Hasson has a big territory to cover. He gets to this section about once in every eight months. He says that he finds it hard to keep some of the dairies in line on account of the fact that he cannot visit them often.

It is probable that some of the dairies visited by him in the last two or three days will be made the subject of prosecution. He demands that each dairy keep all receptacles thoroughly clean. Yards must be kept in good shape, and milk must not be handled within certain distances of manure piles or pig pens.

Hasson's work is largely educative. He is neither obstinate nor hard-hearted, and he works with dairymen toward improvement of conditions rather than merely with a view to bringing prosecutions. The dairymen who persist in not obeying the law when it is made plain to him is the one who is most likely to be arrested and fined.

PRESIDENT WILL WED MRS. GALT ON DEC. 18

WASHINGTON, Dec. 4.—The White House today announced that the Wilson-Galt wedding will be solemnized December 18.

The hour of the wedding and the name of the officiating clergyman were not announced.

The President has indicated that wedding gifts are not desired. Nevertheless, royalty, diplomats and high officials are likely to send splendid presents.

The presidential honeymoon plans are secret. It is believed that the journey will be to the South or to New Jersey. It will necessarily be short as Congress reconvenes early in January.

The President and his bride will formally open the social season with a reception for the Pan-American Congress of Delegates and their wives on January 7.

The brilliant New Year's reception marking the other administrations, will be missing on account of the war making the indiscriminate meeting of all ambassadors embarrassing.

MUNITION BOILERS BURST
LATROBE, Pa., Dec. 4.—Two employees were seriously injured and property damage estimated at \$50,000 sustained in a boiler explosion at the Peters Paper Company's plant here yesterday. Considerable mystery surrounds the explosion.

HERE is shown a picture of Captain Boyed, naval attaché of the German embassy at Washington, whose recall, together with that of Captain Von Pappen, military attaché, was yesterday demanded by the State Department.

Prosperity Wave Hits Southland, Visitors Declare

Mine, Real Estate Men Spending Money; Fact Points To Big Revival

Business throughout Southern California is beginning to ride on the crest of a wave of prosperity such as has been unknown during the past two years, according to J. R. Thorpe, manager of the Thorpe Engraving Company, Los Angeles, who was a business visitor here today.

Great enterprises in the Southwest, particularly mines and real estate, have begun, during the past few weeks, to place huge contracts with newspapers and advertising agencies for publicity matter.

"Big business is showing greater activity in this line than at any time during the past twenty-four months," Thorpe declares. "In the past few weeks I have visited Santa Barbara, Ventura, San Bernardino and other cities. I find collections better than for some time past."

"When you find business men ready to spend money you can rest assured that they are making money."

"The men who are at the head of the big undertakings which are getting their publicity campaigns under way are men who keep in close actual touch with actual conditions everywhere. They know absolutely the trend of finance."

"My observation leads me to believe that Southern California is waking up and that the next few months will see a great business revival."

CHILDREN STOLEN 15 YEARS AGO SOUGHT

LOS ANGELES, Dec. 4.—Urged by the mother love that nothing can swerve, Mrs. Ella Barnhart of 916 Hillvale place, is pursuing an unwearied search for her two children, stolen from her by their father more than fifteen years ago.

Their names are Nellis and Orville Barnhart and they would be 26 and 24 years old respectively.

The boy and girl were taken away by their father in a wagon from Mt. Vernon, Mo., while their mother was ill at the home of her sister in Springfield, Mo., fifteen years ago.

COAST PLANT GIVEN
BIG MUNITION ORDER

BREMERTON, Wash., Dec. 4.—Officials of the Puget Sound Navy Yard have received notice that the first order for the manufacture of munitions for the United States navy ever given a Pacific coast naval station had been awarded the Bremerton plant. The order calls for the finishing of 2500 six-inch shells and 10,000 three-inch shells. Work on the projectiles is to begin March 1.

YEGGS BLOW SAFE

SAN FRANCISCO, Dec. 4.—Yeggs today dynamited the post office safe in the general store at Mission, near San Jose, and stole several thousand dollars in coin and stamps.

THOUSANDS WILL DOWNPOUR SOAKS SING AS GREAT FAIR BECOMES BUT MEMORY ORANGE COUNTY WITH WELCOME MOISTURE

Old Lang Syne Day, Though
Touched By Sadness, Joyously Observed

SAN FRANCISCO, Dec. 4.—At noon of the closing day, the attendance at the exposition totaled 100,684. Warm sunlight bathed the fair. Fifty thousand were entering hourly. The afternoon rush is great. The total attendance since February to noon today was 18,518,100.

SAN FRANCISCO, Dec. 4.—The Panama-Pacific Exposition is closing today. They call it Auld Lang Syne Day, but nevertheless it is a day of revelry. Thousands of visitors crowded through the turnstiles to bid farewell in song and dance to this city of wonder which in ten months has been visited by nearly nineteen million people.

The national salute of twenty-one guns boomed over the Marina at sunrise, again at noon and once more as the sun reluctantly disappeared through Golden Gate, its dying rays shimmering softly upon the Tower of Jewels.

International Toast
Dancing, concerts, sports, music by the exposition chorus and all sorts of other fun marked the last day's program. At noon President C. C. Moore offered the international toast typifying world peace, world service and world patriotism. All nations, organizations and institutions having a part in the exposition joined in the sentiment.

Tonight will be celebrated the spectacular part of the farewell. Illuminated floats and fireworks will turn night into day, and shortly before midnight a salvo of rockets will mount skyward and from the throats of the thousands of visitors upon the grounds will come the old song, "Auld Lang Syne." High above this scene, in his illuminated aeroplane, Art Smith will streak: "Farewell, P.P.E." in letters of fire across the sky.

Then the Panama-Pacific Exposition will be history.

Beyond Expectation
As celebrating the wedding of the Waters through the Panama Canal, the exposition surpassed all expectations. By November 15, more than sixteen and a half million people had visited the big display. Fifteen million visitors by that date had been considered a liberal estimate. The fair also has been a financial success. Figures made public today show a net return of \$1,040,000.

What will become of some of the more beautiful features of the great exhibit is as yet undetermined. San Francisco is trying to save from the wrecking crew the Palace of Fine Arts. Destruction of most of the buildings will be commenced soon.

Many exhibitors have turned to the San Diego exposition, which plans to continue for another year. Many of the amusement concessions will move to the other fair.

Vegetables Helped
Vegetable picking at Villa Park, where the bulk of Orange county's winter product is grown, will be halted for a few days but the benefits from the rain will counterbalance the temporary delay in marketing.

Official Figures
LOS ANGELES, Dec. 4.—Following are the official rainfall figures, given out today: Los Angeles, 1.29 inches; San Luis Obispo, 2.10; Corona, 1.02; Escondido, .80; Pasadena, 1.55; Pomona, .55; Redlands, .59; Riverside, 1 inch; Santa Barbara, .22; San Bernardino, .80; San Diego, .44; San Pedro, .91; Fresno, 1.66.

OXNARD, Dec. 4.—High winds at Oxnard upset sheds and interrupted telephone and power lines service.

TO PROTECT OIL WILL
USE GUNS, HE SAYS

SAN FRANCISCO, Dec. 4.—Rather than lose 20,000 barrels of oil through official red tape, C. F. Whittier, president of the United Oil Company, proposes to use guns if necessary to protect the property. Whittier said yesterday:

"Guns have been used in the Midway oil fields before and they can be used again. I propose to save the property."

SHOT; FRIEND HELD
SAN FRANCISCO, Dec. 3.—Albert Daley, a fireman, is dead from a gunshot wound in the head, while his friend, Charles C. Cooke, a clerk, is held in the city prison, pending investigation. Cooke's story is that he was walking with Daley, when the latter suddenly asked to see Cooke's gun. Cooke drew it from his pocket, whereupon, he declares, Daley seized it and shot himself.

WHEAT SOARS
CHICAGO, Dec. 4.—Heavy buying before closing in the grain pit caused wheat to soar. December wheat closed at \$1.16 and May at \$1.16.

MANAGER KILLED
Ore., Dec. 4.—A street car today killed J. W. Branin, manager of the United Press bureau here.

Teuton Agents at Rome Are Busy Looking to Peace

ROME, Dec. 4.—It is today reported that Germany already has made informal suggestions toward peace action through next Monday's consistory.

Cardinal Hartmann, of Cologne, is reported to have brought a proposal that Germany will evacuate Belgium and France and agree to Poland's autonomy if the Vatican will make powerful peace efforts.

It is understood that the allies' cardinals, Gasquet of France, Bourne of Britain, will assert that the allies will not countenance "half peace measures."

Plotter's Face Prison Terms
Sentenced for Ship Frauds

Karl Buenz, George Goetter, Adolph Hachmeister, Joseph Poppinghaus, Sentenced to Terms in Penitentiary.

NEW YORK, Dec. 4.—Dr. Karl Buenz, resident director of the Hamburg-American line, was today sentenced to eighteen months in the Atlanta Federal penitentiary. He was convicted of sending German raiders munitions under false manifests. Similar sentences also were imposed on George Goetter and Adolph Hachmeister, fellow conspirators.

Joseph Poppinghaus was sentenced to serve one year.

The Hamburg-American line was fined \$1.

Defense Attorney Rand immediately applied for a writ of error as a basis of appeal. The writ acted to automatically stay the execution of sentence.

The defendants were released on \$10,000 bail each, double the amount required during the trial.

Judge Howe overruled motions to set aside the verdict and to arrest judgment.

Before sentence was pronounced, Federal District Attorney Marshall said: "It is desirable that the punishment be substantial not so much for the effort on these indictments, but as a warning to others."

Attorney Rand pleaded that the defendants did wrong unintentionally.

Judge Howe recommended that

the Atlanta prison warden show Buenz leniency on account of his age, 72 years.

NUMBER FACES RECALL
WASHINGTON, Dec. 4.—It is indicated today that the recall of Austrian Consul General Nuber at New York, is imminent. It is hinted that the government may even oust his German diplomat.

LONDON PLEASED
LONDON, Dec. 4.—The London Globe today comments on the administration's request for Germany's recall of Captains Von Pappen and Boyed.

"It is refreshing to find that the American government is acting with vigor and independence," says the Globe. "Notes, followed by more notes and these followed by nothing, gravely lowered America's dignity in the eyes of friendly nations and in the eyes of Americans themselves. It is time that Washington did something more than display admirable literary style."

SAN FRANCISCO, Dec. 4.—Federal agents hold a warrant for the arrest of Baron von Brincken, German embassy attaché, charged with anti-Ally plottings.

RECEIPTS AT POST
OFFICE INDICATE
PROSPERITY HERE

Postal receipts, the weather-vane of prosperity and growth of a community, show that Santa Ana is moving rapidly ahead. The receipts for November, 1915, at the Santa Ana post office, reached at total of \$3750.37, which is an increase of \$523.08 over the total for November, 1914, was \$3227.29.

There is every reason to believe that this month will set a new record in receipts at the Santa Ana post office. Orange county has had a good year in crops and prices, and that kind of a year always means a busy Christmas period. When crops and prices have been good the number of Christmas packages sent out from the Santa Ana post office show it.

PUNCH BOARDS AND SLOT
MACHINES ORDERED OUT

The city trustees have instructed the city marshal to see that all punch boards and slot machines now in use here be removed from places of business by January 1. This is a periodical clean-up. Punch boards and slot machines are not allowed by city ordinance, but occasionally their use drifts into popularity.

BY ED L. KEEN

LONDON, Dec. 4.—The British press today sounds no note of welcome for the Henry Ford peace delegates. The newspapers reaffirm the British doctrine of no peace until German militarism is crushed.

Some papers are ridiculing the voyage.

The newspapers suggesting peace are only minor ones and are not influencing public sentiment. The London Spectator said:

"We must not only conquer the Germans, but conquer them so thoroughly that it will be impossible for them to relight the European war flames. We must muzzle the savage dog after tying him up so as to prevent his fastening his teeth in any part of the globe. Peace must be real, not merely a breathing space preparatory to fresh wars."

GENEVA, Dec. 4.—Russian dispatches today claimed that the Russians have captured twelve miles of trenches, 12,000 Austrian prisoners and great quantities of munitions on the road west of Riga.

COPENHAGEN, Dec. 4.—The Berlin Tageblatt today stated that Greece has agreed to give the Allies free use of all Macedonian railways and Aegean harbors, including Kavala.

ATHENS, Dec. 4.—A portion of the Serbs evacuating Monastir fled into Greece. Semi-official advices today say that the Greek government does not intend to disarm and intern the fugitives. The Serbs will be permitted to march through Greece, rejoining the allies near Guegueli.

The remainder of the Monastir garrison is retreating westward, seeking to join the Serbs on the Albanian frontier.

With the fall of Monastir the Serbs practically surrender their whole country.

PARIS OFFICIALLY REPORTS
MONASTIR'S FALL

PARIS, Dec. 4.—The reported Austro-German occupation of Monastir in Southern Serbia was officially confirmed today.

The Serbs evacuated the city at 7 o'clock Thursday morning and the Germans entered at 3 in the afternoon. The Bulgarians occupy Kanali, near the Greek border and will enter Monastir tomorrow.

BRITISH ADMIT DEFEAT
AT BAGDAD

LONDON, Dec. 4.—It is today admitted that General Townsend's British troops retreated from Bagdad to Kut-el-Amara, one hundred miles to the southeast.

Far superior Turkish forces caused the retreat. The official statement said:

"Our casualties during the Ctesiphon fighting totaled 4500. Tuesday night General Townsend fought a rearguard action, losing 150 men. He was forced to continue his flight."

General Townsend's forces were within ten miles of Bagdad on November 26.

"Can Religious Joy Be Permanent" Subject of Evangelist's Sermon

REVIVAL ANNOUNCEMENTS

Young Men's Supper at United Presbyterian Church this evening at 6 p. m. No charge at all. All young men between 14 and 21 invited.

Mass meeting Sunday afternoon for children at 3 o'clock. Mr. Gates will speak. Children's Chorus will sing for the first time.

"The Plea of Insanity," subject for Sunday evening.

The clear, concise, direct, unsentimental method of Evangelist Price continues to attract greater crowds each evening. The sermon last evening on the subject, "Can Religious Joy Be Permanent?" was one that emphasized the normal sane reality of religion and showed how that person who has actually experienced this miracle in his life is the possessor of a calm, steady satisfaction and joy that cannot be appreciated by those who have not known it.

The little story of the Arkansas lad who, when asked if the people in

these parts enjoy their religion, significantly replied, "Them as has it does," illustrated well the application that the speaker wished to make. Many who presume that they have "got religion," who make their chief claim to it the fact that they attend church most of the time, but who look for their pleasures of life in the fields disapproved by the church, have considerable difficulty in convincing themselves that religion is a joyful thing. But those who are not merely infected with a skin-deep scratch, but who have given their entire selves into the direction of God, find that their satisfaction in life is so deep and pure that it is not necessary to continually explore all the fields of amusement and entertainment to make life worth living.

The ladies in charge of the supper this evening for the young men at the United Presbyterian Church are preparing for 200. About 160 have announced their intention of attending and several more are known to be intending to come. Besides these, several places will be left vacant for any who may come in without previously notifying the committee.

The sermon to be preached tomorrow night on "The Plea of Insanity" has never failed to give the community a live subject to discuss. Reports from other places indicate that it is one of the most effective addresses in the series. Evangelist Price prefers not to announce previously what the general theme will be but it is a fact that no one ever leaves with a feeling that he did not get "his money's worth."

Regular church services will be held in all the churches in the morning, but for the rest of the day all will be union services. The first big children's meeting of the series will be held in the afternoon. Mr. Guice is the speaker and he has a remarkable record as a speaker to children. This address is an illustrated talk not by pictures but by actual objects, chemicals, etc.

The meeting this evening will be a boys' and a young men's meeting and the address on the subject, "Tracing the Life of a Boy," will be particularly attractive to young men.

ACHILDGETSCROSS, SICK AND FEVERISH WHEN CONSTIPATED

Look, Mother! If Tongue Is Coated Clean Little Liver and Bowels

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you will have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine made by "California Fig Syrup Company."—Advertisement.

ALL COMPLAINTS INVESTIGATED FULLY

Although the grand jury that completed its work and was discharged Thursday afternoon was in session a comparatively brief period, the grand jurors made a thorough investigation of every complaint that was brought before it, excepting such complaints as the judge had instructed the grand jury should be left with the district attorney's office. In his instructions, Judge West said that criminal matters, as the law now stands, should be handled by the district attorney's office and not through a grand jury.

The grand jury looked into a number of matters that were not mentioned in its report. There was nothing brought before it that was not given careful attention.

BANDITS ATTEMPT TO KILL OFFICER

LOS ANGELES, Dec. 4.—Coming as a sequel to the slaying of Detective Sergeant J. Edward Browning, Monday, blackhanders attempted to assassinate Deputy Constable Martin Mikonschutz when he went into the Sicilian quarter to investigate the slaying, according to information furnished the police today.

The constable alighted from a street car near the scene of the killing of Browning, and as he did so, noticed his movements were closely watched by two men in a small automobile.

Mikonschutz reached the shadows of Lemon street and was walking east when one of the men in the automobile, which had been driven close behind him, fired on him with a revolver. The investigator dropped to the pavement, feigning a wound, as the bullet whistled by him.

The automobile disappeared. Concluding the men had abandoned their effort to kill him, he continued walking. Half a block farther, he came face to face with the two men.

Both opened fire upon him. Mikonschutz jerked his revolver from his pocket and emptied it as quickly as he could.

Still shooting, the men retreated, reached their automobile and escaped. It is believed by the police that the men were members of the gang that threatened the life of Detective Martin Rowe, companion of Browning, when he tried to get to a telephone to summon aid for Browning Monday night.

An effort is being made to apprehend the men.

'CONSPIRACY LETTERS' READ IN SCHMIDT CASE

LOS ANGELES, Dec. 4.—With the prosecution claiming victory in an important ruling by Judge Willis, the reading of the "conspiracy letters" to the jury in the trial of M. A. Schmidt, alleged accomplice in the dynamiting of the Times building, was started yesterday.

The prosecution attorneys were elated over the ruling of Judge Willis that they would be allowed to omit any part of the letters they desired in the reading of them to the jury. The defense fought against this

Orange County Savings & Trust Company

Important Notice To All Gas Consumers

On December 1st, 1915, the new Rules of the Railroad Commission of California governing the practices of gas companies throughout the State, go into effect.

This Company intends to make every effort to comply with the Commission's Rules fully and without discrimination. We therefore publish below the important points which we shall observe.

We particularly desire to impress our consumers with the idea that any inconvenience or annoyance which may result to them is due entirely to our desire to follow the Commission's Rules fully and without discrimination.

We have copies of the complete rules on file in all our offices, and we shall be glad to show them to all who may inquire.

I. After November 30th, 1915, we will require no deposit from an applicant for gas service:

- (1) Who owns the premises where he desires service.
- (2) Who furnishes a responsible guarantor for the payment of his bills.
- (3) Who can show that he has paid all his bills to any branch of the Southern Counties Gas Company promptly during the twelve months ending December 1st, 1915.

II. Hereafter we will require a cash deposit from any applicant for service who does not comply with either of the three conditions in paragraph I.

The amount of this deposit shall be \$2.50 from applicants for residence or domestic service. From other than applicants for domestic service, the deposit shall be twice the average estimated periodic bill. We will pay interest at 6 per cent a year on all guarantee deposits held for twelve months or longer.

III. Beginning December 1st, 1915, we will, upon surrender of the proper receipt, return meter deposits in full to all consumers who qualify under paragraph I hereof, and who have paid all indebtedness to the Company. From those consumers who do not own the premises, or do not furnish a guarantor or have not paid their gas bills promptly for twelve months, we will retain \$2.50 of the deposit and issue a new receipt.

IV. If any consumer fails to pay his bill on or before the 10th of the month, following that in which the gas was used, we shall send him a notice that unless he pays his bill within five days we will require a deposit to guarantee future bills. We shall at the same time serve notice that unless the bill is paid within five days or a deposit made within fifteen days the supply of gas will be discontinued.

V. If a consumer disputes the correctness of a bill which we claim is correct, we will require him to deposit the amount of the disputed bill with the Railroad Commission. The Commission will investigate the facts of the disputed bill and their findings shall be binding upon both parties. If the deposit is not made within fifteen days from the date of our request, the supply of gas shall be discontinued.

VI. If the consumer who has made a deposit fails to pay his gas bill on or before the 10th of the month, we shall apply whatever part of his deposit is necessary to the liquidation of the unpaid bills. If it is necessary to use the entire deposit for the liquidation of the unpaid bills, we will require that the deposit be restored to its original amount within fifteen days or the supply of gas shall be discontinued.

RECOMMENDED FOR CROUP

Coughs, Colds, croup, hoarseness, inflamed throat, bronchial troubles or sore chest are relieved by Foley's Honey and Tar which opens stopped air passages, soothes and heals inflamed surfaces, and restores normal breathing. W. C. Allen, Bosley, Mo., says: "I have raised a family of four children and used Foley's Honey and Tar with all of them. I find it the best cough and croup medicine I ever used. I used it for eight or ten years and can recommend it for croup." Rowley Drug Company.—Advertisement.

Office Comfort

Comfort

Steam heat radiates comfort. Cold mornings have no terror for the occupants of a steam heated building.

Convenience

In addition to having steam heat, it is quite convenient to have hot water in an office. Steam heat and hot water are elements of comfort that are essential in the modern, up-to-date office.

Sanitation

One of the greatest aids to hygienic sanitation is hot water. One of the first questions asked by the modern up-to-date physician in looking for an office is, "Have you hot water?" We answer, "Yes."

Modern Offices

The W. H. Spurgeon Building is a modern, well lighted, well ventilated office building. Steam heat, hot and cold water, elevator service and, last but not least, the luxury of walking into a clean office when you start your day's work—competent janitor service is rendered.

The 100,000 Mile Reliability Car

Have you seen the big blue Studebaker posters we have on the boards all over town?

We are so proud of this car and its record-breaking prices—40-Horsepower "FOUR" Seven-passenger, \$885.00, and 50-Horsepower "SIX" Seven-passenger, \$1050.00, that we are even using bill boards to tell everybody about these wonderful values. The first 40-Horsepower "FOUR" Seven-passenger in the world under \$1000.00. The first 50-Horsepower "SIX" Seven-passenger in the world, of equal car and value under \$1450.00.

Studebaker is the car that recently broke all records in the 100,000 mile Reliability Run. The entire country is talking about that performance. Such a car should be of interest to you and you will be interested in seeing it.

Timely Suggestions For All Lovers of the Great Outdoors

When starting out in the morning on that hunting or fishing trip, fill your thermos bottle with either hot or cold water and take along a package of good Malted Milk. You can then have an instantaneous, invigorating lunch whenever desired, as the Malted Milk is thoroughly cooked and can be quickly dissolved by shaking in a bottle. Besides being delicious to the taste, Malted Milk is nourishing, invigorating and restoring—just the thing to sustain one on a hard trip.

In this connection it is interesting to note that the San Francisco Exposition has awarded "The Grand Prize" to that brand known as "Borden's Malted Milk in the Square Package."

Borden's Malted Milk is made by a special process in which the casein or cheesy part of the milk is partially predigested. It also has a snappy, nutty flavor all its own.

You cannot go wrong in insisting upon "Borden's—In The Square Package." Try it on your next outing—and see if you do not then want it every day. At all druggists.—Advertisement.

GRAND GRAB AS PLUM TREE TREMBLES

(United Press Correspondence.)

WASHINGTON, D. C., Dec. 4.—The plum tree was shaken today. Choice and other committee chairmanships and assignments of the new house were to be handed out. The Democratic caucus will fix the committee slates to be ratified by the Democrat-controlled house. Whether the heralded movement to oust Kitchin as Democratic leader would materialize, was expected to develop today. Important party policies were up, including defense, appropriations, a budget system, ship purchase and other questions.

Another Democratic caucus is planned for next Tuesday to finally apportion committee assignments for presentation to the house Wednesday, this being necessary before the house can begin business.

Changes

Several chairmanship changes and reorganization of entire committees, due to increased Republican and decreased Bull Moose representation, were considered today. The slates were largely, but tentatively framed by members of the ways and means committee. Chairman Saunders of Virginia ruled the caucus. There has been talk of opposition to him because of his alleged opposition to the administration's preparedness program. Whether the administration would make the defense bills party measures and bind Democratic support by caucus pledge was to be decided. Shirley of Kentucky proposed to thresh out the causes of the special budget committee deadlock over a scheme for systematizing appropriations.

Retain Chairmen

Tentative committee slates propose retention of most chairmen. Some committee changes were ordered by the last caucus. Selection of new members to fill vacancies on the naval and military committees, because of their effect on preparedness legislation, is considered an especially important question. There are four Democratic vacancies on the naval and five on the military committees. The caucus is to determine whether these places, which might give committee control, shall be filled by big or little navy and army members, friends or foes of the program. A move was reported started to oust Little navy men now assigned to naval affairs.

Slated

The following prominent chairmen are slated for retention: Padgett, naval; Hay, military; Henry, rules; Glass, banking; Fitzgerald, appropriations; Webb, judiciary; Lewis, labor; Alexander, merchant marine; Adamson, I. C. C.; Ford, foreign affairs.

Five new Democrats are to be assigned to both the important foreign affairs and banking committees. Committee apportionment to give the Democrats a majority on all large committees, made a knotty problem.

Because of the overwhelming Democratic majority in the last house, the important committees having twenty-one members were divided among fourteen Democrats and seven Republicans and Progressives. The Republicans are insisting upon much larger shares of committee assignments in the present house because of the increased Republican representation, from 125 to 196.

Control Jobs

The Republicans will also control committee jobs of the seven Progressives and of the single Socialist and independent members. The Bull Moose have previously been given one place on each important committee.

REPLY TO PROTEST ON SHIPS DEMANDED

WASHINGTON, Dec. 4.—The State Department has made it known that a prompt reply to the protest against the requisition of the American steamship Hocking would be demanded.

That the requisition of the Hocking was ordered by the British prize court was the word that reached here from Consul General E. E. Young at Halifax.

This fact was immediately cabled to Ambassador Page at London. He was instructed to protest at once on the grounds that the requisition was in violation of the international law.

The general subject of treatment of vessels of the American Trans-Atlantic Steamship Company by the allied powers was discussed at a conference of State Department officials and Col. Y. Colville Barclay, counselor of the British Embassy, and M. Jussierand, the French Ambassador.

FOR THE "DRYS"

Looking forward to the time, not very long hence, when California shall again vote on the question of Wet or Dry, some Dry arguments are coming out of Arizona which should be pondered in the hearts of those who are conscientiously or commercially opposed to state-wide prohibition of the liquor traffic.

The Barnes circus has just been playing in Southern California after a trip through Arizona, and while the company was in Pomona, the press agent gave out the following interview:

I have been making Arizona for the last fifteen years, but I was certainly amazed at the transformation which has been wrought in conditions there since the state went dry.

It does not matter what a man's opinion may be on the temperance question, the fact remains that with a population such as Arizona has in its mining districts, the present condition is the best. Miners who previously had scarcely a pair of blankets were now carrying suit cases, and Barnes' circus did the biggest business there in the history of the state. The mines are working to capacity in many places and everybody has money. The highest grade of merchandise is being sold there. Instead of chambray shirts and celluloid collars—or none at all—the miners now took themselves out in the highest grade of men's furnishings that it could be possible to buy anywhere. From the circus man's standpoint we are glad that Arizona went dry.

Along the same line here is the testimony of Frank E. Strong of Long Beach, a mining man who has just returned from a visit to Oatman, the newest "camp" in Arizona. In an interview in the Long Beach Press he says:

The greatest prohibition argument in the world's history to date is the booming mining camp of Oatman, Ariz.

Nobody would accuse me of being a prohibition fanatic and on that very account possibly my estimate of conditions should weigh the heavier, because I am certainly not prejudiced; therefore I repeat that Oatman, Ariz., is the most powerful prohibition argument ever preached in the world's annals.

Oatman is the first great boom camp dry in the world's history. In that, alone, it is unique. Imagine, none or goldfield absolutely dry in their palmiest days, and you may form some conception of the Oatman of today. The big difference is this:

Everybody has money or stock, its equivalent; in the wet boom camps of former days most of the money and the stock eventually found its way into the hands of the saloonkeepers and the gamblers.

Primarily, of course, this dry condition is due to the state's having gone dry, just as California is bound to do, sooner or later; but it's more than that. The population of Oatman, exactly the same sort of population in former boom camps, less the booze, is all for temperance. It would go dry by local option. On a recent night there was taken a vote on the street. The result was:

Wet, 2.
Dry, 103.

Tempered Altruism

It is commonly said that the greatest happiness in life comes from doing for others. This may be true in most cases, certainly we find no happiness in leading a purely selfish life, but we Philistines who have strong individualities, intense desires, and tastes, do not always get that after-glow we read so much about that comes from doing our duty.

There is a certain satisfaction in the fact that we have done the right thing but it is not always easy to give up all that we most enjoy in life; make sacrifices for others, entirely wipe out the ego.

Later in life we may look back and think, "I needed that discipline in my life, it was all good for me," but if the present is not all unalloyed bliss let us remember there are some things in life that we must look at as we would at an impressionist picture; we cannot stand too close to it if we are to get any idea of meaning from the bold dashes of bright colored paint. So in life the further we get away from some things the better we can see their good points and beauty.

The decision to do our duty which runs contrary to our desires may inspire some, but to ordinary mortals one of the hardest things in life is to deny oneself to oneself.

A Case of Auto-Suggestion

A woman sometimes through unhappiness, loneliness, a weakened physical condition, or wanting love contracts a bad case of auto-suggestion. She picks out some congenial man, and with that foundation builds a castle in the air. She imbues him with all the attributes she wants him to have. She puts aside reason, loses the art of balancing the pros and cons; her rational nature. She clings to any straw that blows her encouragement or hope. She brings all the forces of will power and telepathy to her aid. She hypnotizes herself into thinking that when she is wishing for him he is longing and wishing for her. She lets her imagination and dreams have full sway. She sees love in his eyes, in his silence, hears it in his voice. She is quite mad about him. They talk about "L'age d'or," it comes in many women's lives. These cases of auto-suggestion are often diagnosed as love. The result is generally shattered nerves, disillusion, reality—one unhappy woman.

SEEK MOVIE MANAGER
ON ACTRESS' CHARGE

LOS ANGELES, Dec. 4.—Following the charges of Miss Edna Mae Cooper, an actress, that she was taken to the desert to star in a play but that after she was there the manager had refused to pay her hotel bills and had left her stranded, a complaint against Clarence M. Lincoln, the manager, was yesterday issued by Deputy City Prosecutor Hill.

The pretty actress stated in her complaint that Lincoln had said he had \$200 for hotel bills and expenses until the show began to pay, but that after taking her to Hemet he had declared he had no money.

OXY-SYRACUSE GAME
TO BE PLAYED MONDAY

LOS ANGELES, Dec. 4.—At a late hour last night word was received from San Francisco that the Shasta Limited, carrying the Syracuse University foot ball team, would not arrive there until 1 o'clock this morning, and that the earliest train for the South, which the team could take, would not get them down here until late tonight. This definitely calls off the scheduled Occidental-Syracuse battle for this afternoon at Washington Park.

Manager Harry A. Kirkpatrick of Occidental, while greatly disappointed at the calling off of the game, stated last night that the game would be played Monday afternoon instead, probably at 3 o'clock, in order to permit business men to get away for the contest.

Tustin Budget

REPORTS TREASURY OF BEREANS NOW IN GOOD SHAPE

The members of the Berean Bible class of the Tustin Presbyterian church held their regular monthly business and social meeting Wednesday afternoon at the home of Mrs. Emma Colgan.

A handsome bouquet in which the unusual yellow shades of William Allan Richardson roses mingled with the rich red velvet Andre Schwartz roses, made a striking and attractive center for the room and the beautiful contrasting colors were much admired during the short winter afternoon. After the usual singing and devotional exercises, led by Mrs. C. P. Marshall, the business meeting opened, with the president in the chair.

The report of the treasurer showed a substantial sum in the treasury and the matter of spending the funds on hand from the sidewalk to the church door was considered. After the matter was discussed, Mrs. W. L. Leiby was appointed to get an estimate of the cost. Five dollars was appropriated for some needful purchases.

The calling contest, which has been in progress for the past three months, in which Mrs. McDougal and Mrs. Marshall were captains, had come to a close and a reckoning showed Mrs. McDougal considerably ahead. It was conceded that as Mrs. Marshall has been away part of the time in the east, she has been at a disadvantage. Every one was delighted with the experiment and it was unanimously decided to try it over, as the calling has promoted a pleasant sociability.

The business session over and two young ladies, Misses Myrtle Bowman and Lillian Martin, having arrived the ladies were favored with two pretty instrumental pieces by Miss Bowman. At this juncture the number was swelled by the arrival of two Tustin teachers.

An informal social time followed and a game of rapid-fire guessing of Bible names according to the alphabet was introduced and kept up until the hostess called it off by serving refreshments, assisted by Mrs. J. O. Preble. Salad, sandwiches and tea were served individually and this was followed by white cake and sunshine cake.

NEW IMPROVEMENTS MADE AT TUSTIN

The new concrete pavements are drying fast and all obstructions will soon be removed. Then Tustin Main street and crossings will be something to be proud of.

Ray Lambert is beginning to build his new home at Lemon Cove.

Mr. and Mrs. C. Raine have moved into the Munn place on Red Hill avenue.

A new jewelry repair shop has just opened in Tustin. Some demonstrations were given of their skill in engraving today. A letter was engraved on a piece of tableware for any one bringing the article today, Saturday.

The meat market has moved to a more commodious building one block west.

COREOPSIS CLUB MEETS

A meeting of the Coreopsis Club was held Wednesday afternoon at the home of Mrs. Charles Lambert. There was quite a large attendance and a very interesting meeting. Christmas remembrances of all kinds were in process of making and the interchange of ideas was inspiring.

A young bride, Mrs. Alton Alderman, was a guest of the club.

An informal luncheon was served at a table decorated with bright holly. The meetings of the club will be suspended until after New Years.

ENJOY "WEENIE BAKE"

The Y. M. C. A. boys had a jolly time last Tuesday night at the home of William Jones. Round the camp fire they gathered and roasted "weenies" and buns and told thrilling stories. Y. M. C. A., class No. 2, whose leader is Mr. Jones, had invited the Climbers and their leader, Rev. F. L. Richardson to share the jolly evening with them.

W. C. T. U. TO MEET

The members of the Tustin W. C. T. U. will hold their regular meeting next Thursday afternoon at the home of Mrs. C. E. Utt. This is a central meeting place and a full attendance is desired. The subject for discussion is "Hospital Work," and will be led by Mrs. Utt.

EDITORIAL

WHOSE BUSINESS IS IT?

A good many Tustin people are wondering whose business it is to deal with the fact that there is something incomplete or unsatisfactory about the acoustic properties of the new school auditorium stage. Inasmuch as the stage is left open at the top, with no ceiling at all to speak of, it is supposed that this is the reason a voice seems to travel in all directions and lose its distinctness. The words of a speaker on the stage seem to be lost in a superabundance of sound.

It is said that the architects left the stage as it is for the addition of scenery and a curtain, which was not included in their contract.

Where a speaker stands down in front of the stage the difficulty is scarcely noticeable, but the voice of the impersonator on the stage was almost painful.

As the next number in the Lyceum Course is an impersonator, it may be necessary to have a temporary small stage down in front, which could be used for occasions of this kind until the ceiling of the stage can be finished up.

N. G. CLUB MEETS

The members of the N. G. Club held a pleasant meeting at the home of Mrs. A. M. Robinson, Thursday afternoon.

The usual fancy work was the occupation for the afternoon and the interchange of Christmas ideas was very interesting. The serving of dainty refreshments by the hostess added to the enjoyment of the afternoon as well as the presence of several agreeable guests.

PIONEER LAID TO REST

Funeral services for Mrs. Martha T. Curry, who passed away Wednesday, December 1, were held Friday morning at 10 o'clock.

Mrs. Curry was the daughter of Mr. Tustin, the pioneer settler of this district and for whom the place was named. She was a well known resident of Tustin for thirty years. The interment was at Fairhaven Cemetery.

TO MEET TUESDAY

A meeting of the Home and Foreign Missionary Society of the Advent Christian Church will be held next Tuesday afternoon at the home of Mrs. M. Page.

PYTHIAN SISTERS MEET

An interesting meeting of the Pythian Sisters was held Friday night at K. P. hall. There was an initiation of new members and election of officers.

GIRLS' BOX SOCIAL FOR BOYS OF BAND GREATLY ENJOYED

An entertainment was given by the members of the Tustin brass band at the school house last Wednesday night which was very much enjoyed by all those who attended.

A musical program was given in the auditorium; several numbers by the band and violin and piano solos and duets by Harry Kendrick, Misses Eva and Gladys Stearns and Mrs. Fenlon Matthews. Beautiful trombone solos by Mr. Donaldson of Los Angeles and pen pictures by Harry Kendrick were especially enjoyed by the audience.

The program finished, all repaired to the dining rooms below, where a box social was held. The girls had prepared lunch boxes all prettily decorated with ribbon and looking very attractive. These were skillfully auctioned off by Harry Kendrick, bringing all the way from 75 cents to \$3.15, and then they were shared with the girls who brought them.

The band boys served hot coffee with the lunches.

Bazaar and Supper

The bazaar and supper conducted by the Ladies' Aid Society Friday afternoon and evening at the school house basement rooms met with the usual hearty co-operation of the public.

Opening in the afternoon with a fine display of fancy work, dressed dolls, and candy in booths beautifully decorated in green and red, the bazaar was an attractive place.

At 5 o'clock supper was served and the dining room was a busy scene until nearly 8 o'clock.

A good many Tustin families enjoyed the delicious roast beef supper. Orders were received until the whole supply was gone and only a few slices of bread left.

By this time the candy booth and the dressed doll booth were left with only their pretty decorations.

PARENT-TEACHERS TO MEET

The December meeting of the Tustin Parent-Teacher Association will be held next Friday afternoon, December 10.

QUILTING PARTY A HUGE SUCCESS

The home of Miss Clara Thorman last Saturday afternoon and evening was the scene of a merry party of young ladies bent upon carrying out an idea which expressed their high hopes and best wishes for one of their circle of girl friends and schoolmates, Miss Mabel Logan, who is soon to be married.

Following the old New England custom, a quilting bee was held and a pretty comfort was fashioned to add to her store of articles for future housekeeping. Soft crepe of dainty canary color and white had been selected as the material to be used, a pattern was chosen and the work began early.

During the afternoon nine squares were made, each with the girl's name in the center, which completed the pattern.

As the shades of evening gathered two gentlemen friends arrived and the whole party repaired to the dining room, where a New England dinner was served. The table was spread in the old fashioned style, with Boston brown bread, baked beans, mashed potatoes, boiled ham, cranberry sauce and perfection salad, with pumpkin pie and coffee for dessert.

Buckwheat blossoms and marigolds were the decorations used.

After supper the jolly time continued, with merry games of Jenkins, pitt and funny party games.

The happy party composed Misses Mabel Logan, Jessie Matthews, Inez Phinney, Gertrude Utt, Carrie Matthews, Edith Higgins, Clara Thorman, Mrs. Florence Marshall and Mrs. Alice Freeman, Charles Logan and C. L. Russell.

But the comfort was not finished and three young ladies were appointed to meet at the same place on Monday afternoon, when it was all put together and completed. Before the tying and tufting began a letter was written and signed by the three and hidden in the soft folds of the downy filling. This letter is to be taken out and read when the comfort is old and soiled and ready to be taken apart.

PAHVANT VALLEY LAND

is a "Money Maker"

Western Securities Co.,
711 Hollingsworth Bldg., Los Angeles.

Gentlemen: I have 120 acres of land in Pahvant Valley which I believe to be one of the finest farming sections in the West. I have 35 acres in alfalfa and I intend to plant about 40 acres more. I want to say that this is one of the best money-making sections on the map. It is a wonderfully productive alfalfa country, and I positively believe it is the best sugar beet section in the United States.

I was in Southern California 10 years and I certainly was prepared to appreciate low-priced land and water. I have raised the finest type of vegetables of all kinds up here. The soil is deep, rich and productive. The alfalfa hay grown here is far superior to that raised anywhere in the Southwest. I would like to see many dissatisfied Californians come up here, where there are real opportunities to make good. In closing, I want to say that I raised 20 tons of sugar beets to the acre, with very little care and attention. (Signed) S. H. THOMPSON.

State of Utah, County of Millard—ss.
Subscribed and sworn to before me this 19th day of December, 1914.
A. M. McPHERSON, Notary Public.
My commission expires Nov. 9, 1915.

Pahvant Valley is on the main line of the Salt Lake Road in Southwestern Utah—under \$1,000,000 irrigation system. Estimated cost of maintenance from 40c to 50c yearly per acre.

\$70 Per Acre for Land and Perpetual (Gravity) Water Right.

\$25

An Acre Down. Balance in 10 Years.

The Pahvant Valley farmer owns his own water right for all time to come. When this right is paid for he has free water forever—with an unusually small maintenance cost. Pahvant Valley is a No. 1 alfalfa country; one of the best alfalfa seed districts in the West; an exceptional dairy country; one of the safest and most profitable hog-raising sections in the West; a remarkable grain country; record-breaking sugar beet land. Pahvant Valley is settled by practical farmers from nearly all of the Western states. One crop of sugar beets alone has netted Pahvant Valley farmers the entire cost of the acreage on which it was planted. The climate of Pahvant Valley is conducive to health and longevity. If you seek the best land opportunity in the U. S. A., go to Pahvant Valley now. Write for our illustrated booklet. Special excursions at low homeseekers' rates from Los Angeles.

The Roof that lasts for Ages

That is what is said about this ready roofing by those who use it, because it is practically indestructible. It makes any building immune against every enemy that can attack a roof.

J-M ASBESTOS ROOFING

is a combination of the famous Asbestos (rock) fiber and the great weatherproofing, Trinidad Lake Asphalt. Fire, time or weather cannot affect it.

It will stand for any length of time fire tests that would destroy in a few minutes any of the so-called fire resisting roofings.

J-M Asbestos Roofing never requires painting, graveling or repainting.

It saves money and worry from the day it is laid.

Write or call for Samples of this Roofing and Booklet.

LOS ANGELES PRODUCE MARKET
Bellevue and Jonathan apples are becoming more expensive, the 3 1/2-tier pack of the former variety being raised to \$1.10 and \$1.15 a box yesterday and the latter variety selling from \$1.70 to \$1.90, depending upon quality. In the vegetable list lettuce, celery and cabbage are stronger and prices are due for an advance in all three commodities. The consumption of tomatoes continues heavy and there is no let-up in outside orders. The best grade of shipping stock is selling for 75 cents a lug and inferior tomatoes are bringing 5 to 10 cents less.

Gas machine gasoline was advanced 5 cents a gallon yesterday and there are rumors of a rapid advance in ordinary gasoline prices in the near future. It is expected that automobilists will have to pay 20 cents a gallon for their fuel within the next six weeks.

Butter was again active on the Produce Exchange yesterday. Extras were in demand at 25 cents a pound and storage extras sold at 22.

FACE IS BURNED AS SHE RACES INTO FLAMES FOR BABY

Destruction of Four-room
House Accompanied By
Mother's Heroism

Risking her life to save her sleep-
ing baby, Mrs. J. Salas, a Mexican
woman, dashed into a burning house
at El Toro yesterday afternoon, seiz-
ed the sleeping child and rushed out
into the open air.

Flames destroyed the four-room
Salas home, which lies west of the
Santa Fe tracks at El Toro. Mrs.
Salas was in the yard washing clothes
when a gasoline stove inside the
house exploded. The house was small
and the flames in an instant filled
most of the interior.

Without a moment's hesitation, Mrs.
Salas ran into the place. The flames
licked her face, searing the skin and
burning her hair.

The cry of fire brought neighbors
to the aid of the woman, whose cries
sounded the alarm. But little could be
done. A bale of hay, a saddle and a
sewing machine were dragged out,
and the rest of the contents went up
in smoke.

WOMAN FATALLY BURNED
LOS ANGELES, Dec. 4.—A kero-
sene can exploded and fatally burned
Mrs. Josie Cuello, aged 30. Her five
children witnessed the accident.

FIND WHISKEY IS HIDDEN IN WOMAN'S BED

Wintersburg Blind Pigger
Boasts That He Won't
Quit Selling Booze

Whiskey hidden in a bed, beer put
out of sight under a bean straw stack,
wine shoved into a dark corner—but
nevertheless Frank Nunez of Winters-
burg is in jail and his store of drink-
ables is at the sheriff's office.

Sheriff Jackson in his perambula-
tions into blind pigs has found liquor
hidden in many places, but it re-
mained for a Wintersburg Spaniard to
show him something new. Nunez was
one the one who hid the booze in the
bed, but he did the rest of the hiding.

Sheriff Jackson, Under Sheriff Iman
and Deputies Fowler and Gunnitt
went to Wintersburg last night. They
arrived late, and found Nunez's house
locked. Mrs. Nunez had already gone
to bed. Nunez opened the door. Two
booze customers and the officers fol-
lowed in.

Search for booze was started. Nunez
said his wife was sick in bed. She
was not disturbed. When the search
reached her room the officers appar-
ently took Nunez's word for it that
there was no liquor in that room.
Later after two demijohns of wine
and three sacks of beer were located,
the latter under the straw, the officers
returned to the house. Mrs. Nunez
had recovered from her illness, and
was up and dressed. The sheriff saw
bumps under the quilts, and there he
found fifteen bottles of whiskey. Hear-
ing the disturbance when the officers
arrived, the woman had taken the
liquor from a box and secreted it in
bed with her.

Nunez is defiant. He says that
when he gets out of jail he is going
right back into the business.

The sheriff has placed four charges
against the man, and Nunez will prob-
ably not be out of jail for some time
yet.

him \$20 on a sight draft on Mrs. Greg-
ory in Chicago, saying she had the
money in the bank to meet it. He
says that Dr. Gregory then went to
Mrs. Camp and told her that Camp
said for her to cash the draft, which
statement Camp denies he made to
Dr. Gregory. The sight draft was re-
turned with the statement that what
money Mrs. Gregory has in the bank
is tied up in litigation.

STRONG AND WELL AS EVER

Fred Smith, 325 Main St., Green
Bay, Wis., says: "I suffered a long
time with a very weak back. Foley
Kidney Pills completely relieved me
of all soreness and pain and I now
am strong and well as ever." Winter
aggravates symptoms of kidney
trouble; cold weather makes aching
joints, sore muscles, and irregular
bladder action more unbearable.

WAR UPON PAIN!

Pain is a visitor to every home and
usually it comes quite unexpectedly. But
you are prepared for every emergency if
you keep a small bottle of Sloan's Lin-
iment handy. It is the greatest pain kill-
er ever discovered. Simply laid on the
skin—no rubbing required—it drives the
pain away. It is really wonderful.
Mervin H. Soister, Berkeley, Cal.,
writes: "Last Saturday, after tramping
around the Panama Exposition with wet
feet, I came home with my neck so stiff
that I couldn't turn. I applied Sloan's
Liniment freely and went to bed. To my
surprise, next morning the stiffness had
almost disappeared, four hours after the
second application I was as good as new."
